Marriott
Heathrow
Windsor,
London

13-14
November
2023

International
Association
of Diabetic
Foot Surgeons

The last date for submission of abstracts (word limit 300): 31/08/2023

Categories: Infections, Critical limb ischemia, Charcot neuroarthropathy, DFU management

Email for submission of abstracts- nijilvasukutty@nhs.net

This is a 2-day international conference combined with D-Foot international, aimed at surgeons and physicians involved in managing Diabetic Foot conditions.

The faculty that comes from across the world will discuss in dedicated sessions on the latest research and guidelines on diabetic foot related conditions including infection & osteomyelitis, amputations & rehabilitation, prophylactic & surgical treatment for Charcot arthropathy, MDT management of ischemic and deformed foot and, much more.

The programme also includes sessions for selected oral and poster presentations on latest evidence with ample time for interactive case discussions.
