## MESSAGE FROM IADFS

Dear IADFS members and delegates,

It is a great pleasure to welcome you to the 10th annual conference of the International Association of Diabetic Foot Surgeons in Mumbai, combined with and hosted by the Diabetic Foot Society of India. We also extend our warm welcome to D-Foot International for their collaboration in this event.

We have seen great advancements in the surgical management of diabetic foot syndrome in all areas of specialties over the last decade. Prevention of major amputation and preservation of foot function is now a real possibility for most diabetic foot critical presentations. However, this requires greater interdisciplinary collaboration between all specialists that manage diabetic foot conditions, particularly those that come with 'foot-at-risk'. We are glad that IADFS has been able to foster such an alliance between all surgical specialists that manage diabetic foot and contribute to the improvements in patient outcomes.

This three-day conference will cover, in addition to the medical and MDT management of the diabetic foot, the latest advancements in the surgical treatment of soft tissue defects, diabetic foot infections, peripheral arterial disease, and diabetic foot deformities. Dedicated sessions have been designed on various topics, including infection & osteomyelitis, amputations & rehabilitation, prophylactic surgery, Charcot foot corrections, ischemic foot revascularisation, and offloading techniques. There will be ample opportunities for the delegates to interact with the world-renowned faculty during lectures, hands-on sessions, complex case discussions, and free paper presentations.

We hope that you will be able to join us, and we very much look forward to welcoming you in Mumbai.

**Dr. Dane K. Wukich**  
President, IADFS

## MESSAGE FROM D-FOOT INTERNATIONAL

It is a great pleasure to welcome you to the 21st DFSICON 2024, 10th IADFS & 2nd D-Foot International to the International Congress of diabetic foot in the vibrant city of Mumbai, India.

We are thrilled to be able to witness a united group of experts on one platform. It highlights the crucial synergy between wound care and diabetes care, marking a significant milestone in the field of diabetes-related foot complication management. As D-Foot International's President, I proudly introduce D-Foot International, a global organization dedicated to addressing diabetes-related foot complications reflective of our global mission: "To end avoidable lower-limb amputations due to diabetes worldwide."

Our commitment to excellence in diabetic foot care is showcased in this conference, a powerful testament to our dedication. I would like to express my deepest gratitude to Dr. Sanjay Vaidya, the organizing chairman of this conference, and all others: Dr. Arun Bal, Dr. Rajesh Kesavan, Dr. Srinivas Seshabhattaru, Dr. Ashu Rastogi, Dr. Milind Ruke, Dr. Arati Shahade, Dr. Poonam Tuteja, and all the executive board members of IADFS and D-Foot International.

Let us embark on enlightening and insightful days of knowledge sharing, networking, and our unwavering commitment to preventing amputations. Together, we can transform the lives of people with diabetes.

**Prof. Zulfiqarali G. Abbas**  
President, D-Foot International
